

# Safeguarding Child Protection Policy Statement

---

**Page 1 of 1**

We believe that every child has the right to develop their full potential. Promoting and safeguarding the welfare of children will always take priority.

If we are worried about the safety or welfare of a child attending this Nursery, we have a legal duty and responsibility to act on our concerns. We will, if possible, discuss our concerns with parents and carers in the first instance and if necessary, make a referral to:
